-------	-----------------------------------	--------------------------	------

1.3 Competitor Eligibility:

1.3.1 Drivers must be a minimum of 14 years of age prior to competing in their first race of Ginetta Junior. Drivers who reach the age of 17 during the racing season (1st Jan 2011 to 31st Dec 2011) may continue to take part in all rounds of the championship for the remainder of that season.

1.3.2 A competitor shall not take time off school to participate in motorsport without the prior written approval of their school. If participation in the championship requires absence from school, drivers in full-time school education are required to have the approval of their Head Teacher and a letter stating such approval from the school in order to fulfil registration for the Championship

1.3.3 Official entrants must be in possession of a valid 2011 MSA Entrants Licence.

1.3.4 Where there is no officially licensed entrant, the Parent / Legal Guardian or other delegated representative of the driver will assume the role of an entrant [H27] and must be present with the driver at all times.

1.3.5 Drivers must be fully paid up valid membership card holding Racing Members of the BARC, be Registered for the Championship and be in possession of one of the following licences:

- a) A valid MSA Competition (Car Racing) licence endorsed "Junior Formulae only" and valid for this Championship.
- b) A junior race licence issued by Motorsport Ireland

1.3.6 All necessary documentation must be presented for checking at all rounds when signing-on.

1.3.7 It is a condition of registration that any MSA 'Junior' race licence will be held by the BARC for the duration of registration in this championship.

- 1.3.8 Any driver wishing to compete in other 'Junior' formulae must make a temporary or permanent arrangement with the BARC for the transfer of their licence to the person or body responsible for holding the licences on behalf of that formula and vice-versa
- 1.3.9 Only those cars complying with the 2011 Technical Regulations for the Championship and / or any amendments to the Technical Regulations issued from time to time by way of an official Championship Bulletin, in accordance with MSA Regulation D11.1. will be allowed to compete in any round of the Championship.
- 1.3.10 Entrants/Drivers must ensure that their cars comply with the conditions of eligibility and safety throughout qualifying and racing. At any time during an Event, the Championship Clerk of the Course can require a Driver to have a medical examination by the BTCC Medical Adviser or his/her nominee.

1.4 Registration:

- 1.4.1 All drivers must register as competitors for the championship by returning the Drivers Registration Form in full to the Co-ordinator. Registrations are accepted on a "first come first served basis". The Organisers reserve the right to accept registrations after this date. Acceptance of registration and the terms thereof is at the discretion of the Organisers.
- 1.4.2 The Drivers Registration Form must be completed in full, signed by the driver, and if applicable by the Entrant / Team and be accompanied by the Drivers Registration Fee in full, in order to be considered. The Drivers Registration Form must also be counter signed by the Parent or Legal Guardian of the driver.
- 1.4.3 The acceptance or rejection of a registration application will be based upon the information given on the registration form. It is therefore a condition of registration that drivers accept that the BARC reserves the right to reject registration applications and / or entries to individual events without giving reasons [H30.1.3(b) applies].
- 1.4.4 The Drivers Registration Fee is **£7,950.00** plus VAT per driver. Cheques should be made payable to Ginetta Cars Ltd. This registration fee is fully inclusive of entry fees to all rounds of the Championship, timing fees and medical provision. This fee is payable in full by all competitors prior to the first round of the championship on 3 April 2010.
- 1.4.5 The Drivers Registration Fee is inclusive of BARC membership.
- 1.4.6 A registration once made and accepted shall constitute a legally binding contract and a registration may only be withdrawn without penalty with the mutual consent of both parties. An entrant or driver whose registration is accepted and who otherwise fails to participate in the Championship shall forfeit their registration fees in their entirety.
- 1.4.7 The Organisers may accept or refuse any entry or registration and withdraw a registration at any time, should the inclusion of the competitor or team be deemed by him in his/her absolute discretion not to be in the best interests of the Championship.
- 1.4.8 Registrations will be accepted from 1 December 2010 until further notice. A maximum of 26 registrations will be accepted for entry into the championship on a first come first served basis. Any registrations received after the first 26 will be held as entry reserves but may join the championship at the discretion of The Organisers.
- 1.4.9 Registration numbers will be the permanent Competition numbers for the Championship and will be allocated by the Co-ordinator. Numbers 1 through 5 are reserved for Championship Organisers use and will be allocated to returning drivers. Number 40 is reserved for Championship Organisers use and may not be assigned by anyone other than the Co-ordinator.
- 1.4.10 Guest Competitors may be permitted to make guest appearances at the sole discretion of the Organisers and subject to such conditions as they may stipulate from time to time but subject to meeting the licence requirements of Sporting Regulation 1.3. As a condition of registration and entry, no guest driver be able to score points or be awarded prize money in the Championship. At the discretion of the Organisers and Ginetta Cars Ltd the driver of any Guest Competitor entered in this way need not comply with the membership requirements of regulation 1.3.5. The registration form must be completed but the payment of the registration fee specified in regulation 1.4.4 is waived. Otherwise, all regulations of the Championship must be observed.

1.5 Medical

- 1.5.1 A BTCC Medical Information Sheet (see Appendix A) must be completed and returned to the BTCC Medical Adviser via the Championship Organisers, at least 7 (seven) days prior to the first event or Ginetta Cars official test day in which a Driver intends to compete.
- 1.5.2 Drivers must notify the BTCC Medical Adviser if:
- (i) The Driver is involved in any serious accident at any event or otherwise at any venue.
 - (ii) There is a significant change in the general physical or mental condition of the Driver.
 - (iii) The Driver is hospitalised for any reason
 - (iv) Drugs are taken for any medical conditions that have not been previously notified.

2. SPORTING REGULATIONS - JUDICIAL PROCEDURES

- 2.1 Rounds:** In accordance with Section C of the 2011 MSA Yearbook and these regulations
- 2.2 Championship:** In accordance with Section C of the 2011 MSA Yearbook and these Regulations
- 2.3 Driving Standards:** Breaches of driving standards during practice or race will be dealt with firmly. The Clerk of the Course may at his discretion, wish to review any evidence in order to assist with his enquiry into an alleged breach of driving standards and accordingly, he may order that the results remain provisional and may take judicial action at a later date.
- The Championship Organisers may also, within 14 days of the meeting and provided that the results have remained provisional, be entitled to request the Championship Stewards to enquire into the matter, notwithstanding that the Clerk of the Course and/or the Stewards of the Meeting may or may not have already investigated the incident. The Championship Stewards will be empowered to take further action if they deem it necessary which could include exclusion from part or all of the 2011 Championship.
- 2.4 Responsibility:** It should be noted noted that the Parent / Legal Guardian or other delegated representative of any competitor in this championship has an obligation to abide by the regulations of the MSA, as laid down [D13.1.1.(c) / H27 refers].
- 2.5 Indemnity:** In accordance with D13.1.1.(c), Parents / Legal Guardians will be required to sign a special indemnity at each event.

3. SPORTING REGULATIONS - CHAMPIONSHIP RACE MEETINGS & RACE PROCEDURES:

3.1 Entries:

- 3.1.1 The Championship Registration Form that includes the race Entry Form is contained within Appendix B of these Championship regulations.
- 3.1.2 Entrants are responsible for sending in fully completed Registration Forms, signed by the competing Entrant and Driver together with the registration fee to the Championship Co-ordinator prior to the closing date, of 1st April 2011. The Championship Co-ordinator reserves the absolute right to accept registration/entries after that date.
- 3.1.3. Any withdrawal of entry or amendments to an entry must be notified to the Championship Co-ordinator in writing. If changes are made after publication of Entry Lists with Final Instructions, the Entrant/Driver concerned must apply for approval of acceptance by the Stewards of the Meeting before signing-on.
- 3.1.4 Entry for each round is included in the Registration Fee.
- 3.1.5 Qualification races will be held at the discretion of the Organisers.
- 3.1.6 Any reserves are to be nominated on the Final List of Entries published with Final Instructions or Amendment Sheet Bulletins. All reserves will practice and replace withdrawn or retired entries in Reserve Number order irrespective of class. If any Reserves are given Grid Places prior to issue of the first Grid Sheets for any round the times set in practice shall determine their grid positions. If Reserves are given Grid Places after publication of the Grid Sheet and prior to cars collecting in the Official "Assembly Areas" they will be placed at the rear of the Grid and will be started WITHOUT any time delay. Otherwise they will be held in the pitlane and be released to start the race after the last car to start the GREEN FLAG LAP or last car to take the start has passed the startline or pitlane exit, whichever is the later. Such approval to start MUST be obtained from the Clerk of the Course.

3.2 Briefings:

The Organisers will notify Competitors of the times and locations for all briefings in the Final Instructions for the meetings, by bulletin prior to the event or at the event. Competitors and their Parent / Guardian / Guarantor must attend all briefings and any competitor who fails to attend or arrives late, may be penalised in accordance with MSA Regulations.

3.3 Scrutineering Protocol

- 3.3.1 The Championship Organisers will appoint a permanent Series Eligibility/Safety Scrutineer who, with his team, will be responsible for the scrutineering of the vehicles for the qualifying sessions and races of the Championship in accordance with Regulation 1.2.
- 3.3.2 For scrutineering, the Entrant/Driver must present the competing vehicle and mandatory Entrant/Driver safety equipment. The vehicle must be submitted as used in the Championship and must correspond to all applicable Technical Regulations.
- 3.3.3 A completed log book for each vehicle must be correctly submitted in accordance with Regulation 5.1.10 unless the championship scrutineer requests otherwise.
- 3.3.4 Aside from the official safety scrutineering, the vehicles may also be subject to eligibility scrutineering during and after the Event. Vehicles will be selected at the sole discretion of the Series Eligibility/Safety Scrutineer and/or his nominated representative. The Series Eligibility/Safety Scrutineer and/or his nominated representative will make random checks in addition to scheduled scrutineering checks for vehicle eligibility throughout Events. Any infringement will be subject to a report to the Championship Clerk of the Course.
- 3.3.5 Entrants/Drivers must comply with the directives of the Series Eligibility/Safety Scrutineer and/or his nominated representative in respect of scrutineering and of re-scrutineering after the Event.

- 3.3.6. After each qualifying session and race the vehicles must be presented directly for scrutineering. Any area deemed necessary by the Series Eligibility/Safety Scrutineer and/or his nominated representative will be subject to Parc Fermé conditions with no exceptions. This will include the track from the Finish Line to the scrutineering area, the waiting area in front as well as the track from the scrutineering area to Parc Fermé, but all areas may be used if necessary.
- 3.3.7. Public and team personnel must not enter Parc Fermé unless invited by the Series Eligibility/Safety Scrutineer and/or his nominated representative. Should unauthorised team personnel be present in these areas, they render their car liable to exclusion from the qualifying session or race. Any breach to Parc Ferme regs will be reported to the Clerk who may impose penalties as appropriate. At their discretion the Clerk of the Course or Organisers may assign other penalties to any driver / team breaching Parc Ferme regulations. On request of the Series Eligibility/Safety Scrutineer, the Parent or Legal Guardian of the driver will be permitted in Parc Fermé.
- 3.3.8. Cars may be held in Parc Fermé for a minimum of 20 (twenty) minutes after each qualifying session and race until released by the Series Eligibility/Safety Scrutineer.
- 3.3.9. At any time the Championship Organisers reserve the right to scrutineer any component or vehicle in the presence of the permanent Series Eligibility/Safety Scrutineer and one other scrutineer at the Ginetta Cars workshop or at a service partners premises. An invited member of the team may also be present. Removal of components from the car may be required at the Event or at the Ginetta Cars workshop at the discretion of the Series Eligibility/Safety Scrutineer. After thorough scrutineering of the parts, the result will be submitted to the Championship Clerk of the Course.
- 3.3.10. In the case of a breach of the Technical Regulations or a breach of the procedure surrounding the Technical Regulations, any costs associated with scrutineering and/or eligibility inspections (including, but not limited to transportation, checks, inspections, rebuilds, etc.) will be the sole responsibility of the Entrant.
- 3.3.11. The assembly and dismantling of the vehicle(s) is solely the responsibility of the Entrant(s). Reimbursement of expenses for these measures may not be claimed. Exceptions to this may include appeal / protest according to the MSA Competitors' Yearbook 2011.
- 3.3.12. The Championship Organisers will nominate a rolling road dyno truck that may be used to assist the Series Eligibility Scrutineer. At any time the Championship Organisers or Series Eligibility Scrutineer reserve the right to test a vehicle on the nominated rolling road dyno machine and may use any data from the rolling road dyno machine as guidance and to assist with their determination of eligibility. Competitors / entrants must sign any associated indemnities to allow their car to be tested on the dyno.

3.4 Qualifying:

The minimum period of qualifying to be provided at all events will be fifteen minutes. Should any Qualifying Session be disrupted the Clerk of the Course shall not be obliged to resume or re-run sessions and the decision of the Clerk of the Course shall be final.

3.5 Qualification Criteria:

- 3.5.1 Any driver who has not raced over the course in its current layout within the preceding 12 months must complete three practice laps in the car to be raced in order to satisfy the Clerk of the Course as to his competence. The Clerk of the Course and/or Stewards of the Meeting shall have the right to exclude any driver whose qualifying times and / or driving are considered to be unsatisfactory, as per MSA Regulations.
- 3.5.2 Each driver's fastest qualifying time will determine the grid for the first Championship race at this Event. Each driver's second fastest qualifying time will determine the grid for the second Championship race at this Event.
- 3.5.3 3 During the course of any qualifying session, all competing cars must remain in the Pit Lane while not on the track. At no time will any competing car be allowed in the Pit Garages or Paddock areas until such time as the qualifying session has ended and the car cleared from any post-qualifying scrutineering checks and released from Parc Fermé, except with the express permission of the Championship Clerk of the Course.
- 3.5.4 After taking the Chequered Flag, Drivers are required to progressively and safely slow down, remain behind any Drivers ahead of them and proceed directly to the designated Parc Fermé area without stopping unless

directed by an Official of the Meeting. Cars must remain in the designated Parc Fermé area until formally released by the Series Eligibility/Safety Scrutineer.

- 3.5.5 Any cars in the Pit Lane at the end of a qualifying session, come under Parc Fermé conditions at the showing of the Chequered Flag and should be taken directly to the designated Parc Fermé area.
- 3.5.6 3.4.6 Where, through force majeure, it is not possible to hold a qualifying session the grid for that race will be formed according to the current Championship Drivers' standings. Where there is a tie on points, the Driver with the best result in the previous round will take priority.

3.6 Races:

- 3.6.1 The standard minimum scheduled race distance shall be 15 minutes whenever practicable and will be set by race organisers. Should any race distance be reduced at the discretion of the Clerk of the Course or Stewards of the Meeting, it shall still count as a full points scoring round.
- 3.5.2 The distance will be converted into a specific number of laps and announced prior to each Event. When the number of laps defined as the race distance has not been achieved by the leading Driver after the maximum duration has elapsed, the leader will be shown the Chequered Flag the next time he/she passes the Start/Finish Line. In this case, where possible notification of the last lap will be advised to Entrants/Drivers by the showing of a board on the Start/Finish Line. The Start/Finish Line applies both to the track and the Pit Lane. The maximum race duration will be notified to teams / drivers by official bulletin prior to each race weekend.
- 3.19.4 If weather conditions significantly change after leaving the Assembly Area and before the race start, the start will be delayed and Entrants/Drivers will be allowed to change onto a tyre of their choice. The maximum delay will be 10 minutes before the 2 minutes countdown board is shown.

3.6 Starts:

- 3.6.1 All race start countdowns are to have a minimum elapsed period of 5 minutes from the time that all cars are released to form up on the grid to the start of the green flag lap(s) in the formation as specified on the Track Licence for each circuit.
- 3.6.2 When the signal is given, the cars will be released on to the circuit behind the Championship Safety Car and led to the grid. Once the train of cars following the Safety Car has left the Assembly Area, the Assembly Area and Pit Lane Exit will be closed. During this lap the cars will keep in formation with no overtaking. The Safety Car will set the pace. No practice starts may be executed during the course of this lap. At the end of this lap the cars will take up their grid positions. Any car unable to join the train of cars following the Safety Car shall be held in the Pit Lane and may only exit the Pit Lane after the last car has passed the Pit Lane Exit on the Green Flag Lap, but shall only do so under the instruction of the Pit Lane Marshals. The car must then join the train at the back of the grid in front of any car with a time delay.

If a car is unable to rejoin on the Green Flag Lap it shall be held in the Pit Lane and may only start the race after the last car to take the start has passed the Pit Lane Exit on the first racing lap, but shall only do so under the instruction of the Pit Lane Marshals.

- 3.6.3 All starts will be Standing Starts and grids will be determined in a 2 x 2 x 2 formation:
The countdown procedures/audible warnings sequence shall be:

2 minutes to start of Green Flag/Pace Lap - Close Pitlane exit / Clear Grid Warning/Grid Closed

1 minute to start of Green Flag/Pace Lap - Start engines/Clear Grid

30 seconds - Visible/audible warning start of Green Flag Lap imminent

Green Flag - Start of green flag lap

- 3.6.4 During the Green Flag Lap the cars will keep in formation with no overtaking. The Safety Car will set the pace. No practice starts may be executed during the course of this lap. At the end of this Green Flag Lap, the cars will take up their grid positions.

- 3.6.5 Any cars removed from the grid after the 3 minute stage or driven into the pits on the Green Flag Lap shall be held in the pitlane and may start the race after the last car to take the start from the grid has passed the startline or the pitlane exit, whichever is the later.
- 3.6.6 Any drivers unable to start the Green Flag/Pace Lap or Race Start are required to indicate their situation as per MSA Regulation Q12.13.2. and any drivers unable to maintain their grid positions on the Green Flag Lap to the extent that ALL other cars are ahead of them, may complete the Green Flag Lap but MUST remain at the rear of the last row of the grid but ahead of any cars to be started with a time delay.
- 3.6.7 Excessive weaving to warm up tyres - using more than 50% of the track width and falling back in order to accelerate and practice starts - is prohibited.
- 3.6.8 Any Driver(s) unable to maintain their grid position on the Green Flag Lap to the extent that all other cars are ahead of him/her may complete the Green Flag Lap but must remain at the rear of the last row of the grid, but ahead of any cars to be started with a time delay. Any Driver(s) unable to maintain their grid position on the Green Flag Lap, but who still has other moving competing cars behind him/her may regain their allocation grid position(s). However, this must be undertaken by exercising maximum caution.
- 3.6.9 A 5-second board will be used to indicate that the grid is complete, the red lights will be switched on 5 seconds after this board is withdrawn and the race will start when the red lights are switched off.
- 3.6.10 Any driver adjudged to have committed a False Start or breached any part of the Start Procedure will be served with a Drive through Penalty in accordance with MSA Regulation Q12.6..

3.7 Start Delayed Procedure:

- 3.7.1 If the starter deems that the start needs to be delayed, he/she will display a "Start Delayed" board. The Countdown Procedure/Audible Warning sequence will then recommence from the one-minute board and the race may be started by use of the National Flag if all Drivers have been informed of the change of start signal.
- 3.7.2 Any Driver(s) unable to start the race must indicate their situation in accordance with MSA Regulation Q12.13.2..
- 3.7.3 Any Driver(s) deemed to have caused an aborted start will be moved to the back of the grid but ahead of any cars to be started with a time delay. Depending on individual circuit layout, the car(s) will either be removed to the back of the grid before the Green Flag Lap commences or the driver(s) will be instructed to commence the Green Flag Lap from his/her original grid position but must, during the course of the Green Flag Lap, allow any car(s) starting behind them to overtake, thus ensuring that they take the restart from the back of the grid (but ahead of any car(s) to be started with a time delay). If more than one car is penalised in this way, then their order at the back of the grid will reflect their original grid positions. The onus is on the Driver to comply and failure to do so will result in a report to the Championship Clerk of the Course who may impose a Drive Through Penalty or retrospective 30-second time penalty.
- 3.7.4 Aborted start procedure will be as follows:
 - (i) The start-delayed board is displayed, engines may be switched off and team members are allowed back onto the grid.
 - (ii) When the Operations Clerk and Championship Clerk of the Course are happy, the countdown restarts from the one-minute signal and the grid cleared in the usual way.
 - (iii) Any car(s) that then cannot be started will be pushed to the side of the track (or Pit Lane if practical) and covered by a waved Yellow Flag. If any such car(s) at the side of the track can start unaided, it may join the Green Flag Lap under the usual restrictions.
 - (iv) The remaining cars are waved off on a Green Flag Lap.
 - (v) Any stalled cars are cleared to the Pit Lane if possible, or if not, to a place of safety. Cars, once within the Pit Lane, may be assisted by their team but may only start the race after the last car has taken the start and passed the Pit Lane Exit on the first racing lap.

(vi) The race is started, if appropriate, upon return from the Green Flag Lap in the usual way. If one Green Flag Lap has already been completed before the 'start delayed' board is shown then the race is reduced by 1 (one) lap. Then, if the start is delayed again and another lap is lost or if this causes issues with the running of the timetable the Championship Clerk of the Course will set a new race distance.

3.8 Race Stops:

3.8.1 Should the need arise to stop any race, RED LIGHTS will be switched on at the Startline and RED FLAGS will be displayed at the Startline and at all Marshals Signalling Points around the Circuit. This is the signal for all drivers to cease circulating at racing speeds, to slow to a safe and reasonable pace and return to the starting grid area which will automatically become a Parc Fermé Area. Cars may not enter the Pits unless directed to do so. Work on cars already in the Pits must cease when a race is stopped.

3.8.2 Case A - Less than two laps completed by Race Leader:

The race will be null and void. The race will restart from the original grid positions. Competitors unable to take the restart may be replaced by reserves who will start from the pit lane in reserve order. Gaps on the grid should not be closed up. The length of the restarted race will be determined by the Clerk of the Course.

3.8.3 Case B - More than two laps completed by Race Leader but less than 75% of race distance completed:

The race will restart from a grid set out in the finishing order of part one. Only cars that took part in the original start will be eligible and then only if they returned to the grid under their own power by an authorised route and were still under their own power at the showing of the Red Flag. The decision of the Championship Clerk of the Course will be final. Parc Fermé conditions will apply on the grid and to cars already in the Pits between the two parts of the race. The only work permitted on the cars will be on the grounds of safety and only with the permission of the Series Eligibility/Safety Scrutineer. The result of the race will be the finishing order at the end of part two, the result will not be aggregated. The length of the restarted race will be determined by the Clerk of the Course.

3.8.4 If the leader has completed more than 75% of the race distance or duration it shall not be restarted and the results will be declared in accordance with MSA Regulation Q5.4.3.

3.8.5 Entrants/Drivers are advised that two Red Flag race stoppages in any one round may result in their race being placed at the end of the day's racing, time permitting. Similarly, Entrants/Drivers are advised that, should the timetable be running late, their race may be postponed until later in the timetable to allow for a BTCC race to start at its scheduled start time and/or their scheduled race distance may be reduced by the Championship Clerk of the Course in consultation with the BTCC Co-ordinator and with the approval of the Stewards of the Meeting.

3.8.6 If a race cannot be run or re-started at a venue for any reason, all attempts will be made to provide an additional race at another event. Any such race will become a completely new round and qualifying times set at the new venue will apply.

3.9 Re-Scrutiny / Driver Availability:

3.9.1 Any vehicle involved in an accident, or having been modified in any way subsequent to pre-Event scrutiny, must be re-presented to the Scrutineers for further examination.

3.9.2 At any time during an Event, the Championship Clerk of the Course may order that a vehicle be re-examined, even if this involves stopping a vehicle while qualifying or racing. Failure to comply with Regulations during a qualifying session or failure to comply with the directions of race officials to undertake a check will result in the loss of that Driver's qualifying times to that point in the session.

3.9.3 If a Driver is involved in a collision or incident, he / she must not leave the circuit (except where medically evacuated) without the consent of the Championship Clerk of the Course, failing which, any judicial action against or relating to that Entrant / Driver may be heard in their absence.

3.9.4 Entrants / Drivers must remain available at an Event until any protest period relating to their race has elapsed, failing which, any judicial action against or relating to that Entrant/Driver may be heard in their absence.

- 3.9.5. Entrants' / Drivers' cars may not be removed from the Paddock during an Event after initial scrutineering except for the purpose of competing in the rounds comprised in the Event or with the prior written permission of the Series Eligibility / Safety Scrutineer and Championship Clerk of the Course. The Series Eligibility / Safety Scrutineer may require the Entrant's/Driver's car to be re-scrutineered at any time.

3.10 Pits & Pitlane Safety:

- 3.10.1 Pits: Entrants must ensure that the MSA, Circuit Management and Organising Club Safety Regulations are complied with at all times.
- 3.10.2 Pitlane: The outer lane or lanes are to be kept unobstructed to allow safe passage of cars at all times. The onus shall be on all drivers to take all due care and drive at minimum speeds in pitlanes. During qualifying sessions and races, Drivers leaving the Pit Lane will do so on their own responsibility, however a marshal with a Blue Flag will warn of cars approaching.
- 3.10.3 Refuelling: May only be carried out in accordance with MSA Regulations Q13, Circuit Management Regulations and the SR's or Final Instructions issued for each Circuit/Meeting.
- 3.10.4 Speed Limit: The Pit Lane Speed Limit during each Meeting and official test day at all times is 40 mph (64 kph) with the exception of Meetings and official test days at Croft and Knockhill where it is 30mph (48kph) unless otherwise notified by way of a Bulletin.

The Penalty will be a Drive through Penalty in the race but if the infringement is notified to the Championship Clerk of the Course after the end of a race, he may levy a fine of £10 for each mph above the speed limit (this penalty will also apply for qualifying) or impose a retrospective time penalty. Signs and /or lines are used to indicate the beginning and end of the area to which the speed limit applies.

3.11 Race Finishes:

- 3.11.1 After taking the Chequered Flag drivers are required to: Progressively and safely slow down, remain behind any competitors ahead of them, return to the Pitlane Entrance going directly to Parc Fermé as instructed, comply with any directions given by Marshals or Officials and keeping helmets on and harnesses done up while on the circuit or in the pitlane and should remain in Parc Ferme with their cars until released by the Series Scrutineer or are required for Podium Presentations.
- 3.11.2 Parc Fermé Regulations will apply to the area between the Start / Finish Line and the Parc Fermé entrance. Any area deemed necessary by the Series Eligibility/Safety Scrutineer and/or his nominated representative will be subject to Parc Fermé conditions with no exceptions
- 3.11.3 Once in the Parc Fermé area, Drivers required for the podium presentations must proceed immediately to the podium. The Drivers required will be those finishing first, second and third.
- 3.11.4 Team personnel are only allowed into the Parc Fermé area at the invitation of the Series Eligibility / Safety Scrutineer. Should unauthorised team personnel be present in Parc Fermé, they render their car liable to exclusion from the Event. Any breach to Parc Ferme regs will be reported to the Clerk who may impose penalties as appropriate. At their discretion the Clerk of the Course or Organisers may assign other penalties to any driver / team breaching Parc Ferme regulations. On request of the Series Eligibility / Safety Scrutineer, the Parent or Legal Guardian of the driver will be permitted in Parc Fermé.

3.12 Results:

All Practice Timesheets, Grids, Race Results are to be deemed PROVISIONAL until all vehicles are released by Scrutineers after Post Practice / Race Scrutineering and/or after completion of any Judicial or Technical Procedures. The Championship Clerk of the Course may declare the race results provisional until any investigation of video or other evidence has been completed and subsequent judicial procedures undertaken regardless of whether this investigation is as a result of a protest or merely a result of establishing if a Regulation has been broken. These results will remain provisional until such time as they are declared final by the Championship Clerk of the Course upon completion of any judicial procedures and this will be communicated to all Entrants / Drivers via a Championship Newsletter.

3.13 Timing Modules:

- 3.13.1 All competitors will be required to fit an Electronic Self Identification Module (Transponder) as per Q12.2.1. to their cars for the purposes of accurate timing. Transponders may be purchased or leased from Timing Solutions Limited. Holders for these and detailed fitting instructions will be issued with the transponders and it will be the responsibility of the competitor to fit these in the car in the position and manner specified. The Modules must be in place and functioning correctly for all Championship qualifying practice sessions and races. The setting and servicing of these items must only be carried out by properly authorised MSA licensed Timekeepers. Competitors will be charged by the timing company for replacement of the Modules due to misuse or loss at any time during the season.
- 3.13.2 Competitors may not place electronic timing equipment within five metres of the official Start, Finish or any other official timing lines at any event or test session/day. Any such equipment placed within these zones will be removed.
- 3.13.3 Timing modules must be positioned in the location as shown within the 2010 Ginetta G40 Junior nomenclature (See regulation 5.2.1).

3.14 Difficulty

If any Driver experiences a serious mechanical problem at any stage he / she must leave the track as soon as it is safe to do so and park in a position of relative safety. The car must be left in neutral and any removable steering wheel must be reattached before the Driver gets behind the protective safety barriers. The Driver should stay with the car to assist recovery crews with the task of bringing the car back to the pits at the end of the session.

3.15 Assistance

Regardless of the circumstances, once a Driver has received mechanical assistance to move his/her car from one position to another he/she is not permitted to continue within that particular session or race even if, after being moved into a position of safety, he / she feels he / she is able to continue.

3.16 Spare Cars

Replacement cars may only be permitted with the express permission of the Clerk of the Course and a Championship Coordinator. The presentation of a spare car for scrutineering must be done in accordance with the regulations set out within the 2010 MSA Yearbook. A competitor using a replacement car will incur a 20 point reduction in their Championship points total.

A replacement car is considered to be any car other than that which was originally scrutineered for a particular Event.

3.17 Safety Car

- 3.17.1 Unless specified below or within supplementary regulations, the safety car will operate in accordance with the 2011 MSA Yearbook (Section Q, Appendix 2: Operation of Safety Car)

The Safety Car will be brought into operation to neutralise a race upon the sole decision of the Clerk of the Course. The Safety Car will be driven by an experienced circuit driver (in accordance with GR G5) and will carry an observer capable of recognising all competing cars and who is in permanent radio contact with race control.

- 3.17.2 The Safety Car, yellow/amber lights illuminated, will normally join and exit the circuit from the pit lane and the Safety Car boards will be shown initially from the start/finish line. If these locations are to be varied specific written instructions and verbal briefings will be issued detailing the exact locations to be used.
- 3.17.3 On the order from the Clerk of the Course, the Safety Car will join the circuit with its revolving lights on, regardless of where the race leader is.
- 3.17.4 When the order is given to deploy the Safety Car a waved yellow flag and "SC" board will be displayed at the start/finish line. The waved yellow flags and "SC" boards will flow around the circuit in both directions, as an adjacent post displays both their waved yellow flag and "SC" board. This system may be supplemented by a message being simultaneously broadcast to all marshals' posts if such a communication system is available.

- 3.17.5 Flashing yellow lights may also be used at the start-line and at other points around the circuit.
- 3.17.6 All competing cars, when notified of the Safety Car intervention (by the flag signals, "SC" boards, or by any other means) will reduce speed and line up behind the Safety Car, no more than 5 car lengths apart, and maintaining the same speed as it. Overtaking or overlapping of any other competing car during a Safety Car intervention is forbidden. Overtaking of a Safety Car is forbidden unless the particular competitor concerned is signalled to overtake the Safety Car by the observer in the Safety Car.
- 3.17.7 When ordered to do so by the Clerk of the Course, the observer in the Safety Car will wave past any cars between the Safety Car and the race leader. These cars will continue at reduced speed and without overtaking until they reach the line of cars behind the Safety Car.
- 3.17.8 While the safety car is in operation, competing cars may enter the pit lane, but may only rejoin the track when signalled to do so and not when the safety car and the line of cars following it are about to pass or are passing the pit exit. A car re-joining the track must proceed at an appropriate speed until it reaches the end of the line of cars behind the Safety Car.
- 3.17.9 The Safety Car will remain in operation until at least the majority of competing cars on the circuit are lined up behind it.
- 3.17.10 When the Clerk of the Course calls in the Safety Car it will extinguish the yellow/amber flashing lights prior to exiting the circuit. This would normally be such that a minimum of 25% of a lap for circuits over 2 miles and 50% of a lap for circuits under 2 miles should be completed by the Safety Car with its lights extinguished.
- 3.17.11 Following the safety car extinguishing its lights, and prior to passing the green flag, the race leader will dictate the pace and, if necessary, fall more than five car lengths behind the Safety Car. In order to avoid the likelihood of accidents before the Safety Car returns to the pits, from the point at which the lights on the car are extinguished drivers must proceed at a pace which involves no erratic acceleration or braking nor any other manoeuvre which is likely to endanger other drivers or impede the restart.
- 3.17.12 As the Safety Car is approaching the pit entry, the green flag will be displayed at the start/finish line and the "SC" board withdrawn. Following this display of the start signal yellow flags and "SC" boards at the marshals posts will be withdrawn and be replaced with a waved green flag for one lap. The waved green flag will flow around the circuit in both directions, as an adjacent post displays their waved green flag. This system may be supplemented by a message being simultaneously broadcast to all marshals' posts if such a communication system is available. Overtaking remains strictly forbidden until the start signal at the start/finish line is passed.
- 3.17.13 The first three laps while the safety car is in service will not count as race laps. Subsequent laps covered while the safety car is in service will be counted as a race laps.
- 3.17.14 Under certain circumstances the Clerk of the Course may ask the Safety Car to use the pit lane. In this case, and provided its yellow/amber lights remain illuminated, all cars must follow it into the pit lane without overtaking. Any car entering the pit lane under these circumstances may stop at its designated garage area.
- 3.17.15 Should it be necessary to stop a race during a Safety Car deployment the Safety Car, with all competing vehicles following, will pass through the red flag at the start/finish line, complete one further lap at reduced speed and then, once the Safety Car comes to a stop at a position indicated by the Safety Car observer (which will usually be either the grid or Parc Fermé), all competing cars must stop behind it unless otherwise directed.
- 3.17.16 In exceptional circumstances the following may apply:
- (i) The race may be started behind the Safety Car. In this case its revolving yellow/amber lights will be turned on at the two-minute signal. This is the signal to the Entrants/Drivers that the race will be started behind the Safety Car and it will remain at the front of the grid during the remainder of the countdown. When the Green Flag is shown at the Start/Finish Line, the Safety Car will leave the grid and all cars will follow in single file in grid order no more than 5 (five) car lengths apart. The race will be deemed to have started when the Safety Car leaves the grid and the Green Flag is displayed.
 - (ii) Cars will leave the grid in single file grid order behind the Safety Car under the instruction of the Chief Start/Finish Line Marshal. Cars will remain in single file without overtaking, except that a car that falls behind may regain its grid position if the cars behind it could not avoid passing without unduly

delaying the remainder of the field. In this case, Drivers may carefully overtake to re-establish their original starting grid order. If a car falls to the back of the grid, it must remain at the back of the grid.

(iii) Any car(s) delayed leaving the grid may not overtake another moving car if stationary after the remainder of the cars had crossed the line. In this case the car(s) shall remain at the back of the grid, in the order they left the grid.

(iv) A time penalty or Drive Through Penalty may be imposed on any Driver who, in the opinion of the Clerk of the Course, unnecessarily overtakes another Driver during these laps.

(v) The "SC" boards and Yellow Flags will be displayed at Marshals' Signalling Posts around the circuit until the Clerk of the Course withdraws the Safety Car from use in accordance with Regulation 3.14.10, 3.14.11 and 3.14.12.

(vi) All laps undertaken in this start procedure will be deemed to be counted as race laps

- 3.17.17 Any car being driven unnecessarily slowly, erratically or which is deemed potentially dangerous to other drivers at any time whilst the safety car is deployed will be reported to the Clerk of the Course. This will apply whether any such car is being driven on the track, the pit entry or the pit lane.

3.18 Driving Standards:

- 3.18.1 Any competitor who is reported to be involved in cases of contact, which in the opinion of Officials is avoidable, may be subject to the following immediate penalties:
- 3.18.2 During practice and / or qualifying: The competitor concerned may be Black Flagged and subsequently, may be prevented from taking any further part in that session
- 3.18.3 During race: The competitor concerned may be penalised by way of a drive through penalty in accordance with MSA Regulation Q12.6.
- 3.18.4 A drive through penalty being imposed will be notified by the use of a Black Flag or Black Flag and Penalty Board and must be taken within 3 laps of the notification being given. It will involve the competitor entering the pitlane, observing the pitlane speed limit between the 'in' and 'out' control lines, and exiting the pitlane to rejoin the race, without stopping at his / her pit.
- 3.18.5 Failure to comply with the imposition of a drive through penalty, may result in exclusion from the race in question
- 3.18.6 In the event that a penalty described above cannot be imposed for operational reasons during a race, the competitor concerned may be given a 30 second elapsed time penalty (and relative Licence Penalty Points) as an alternative
- 3.18.7 The Organisers will meet following each race weekend to assess all on and off track incidents.
- 3.18.8 The Organisers will use any evidence available to them to request that the Championship Stewards investigate any drivers who are deemed to show poor driving standards or bring the championship into disrepute in any such manner through on and / or off track incidents.
- 3.18.9 The Championship Stewards have the ability to impose and enforce Championship penalties affecting championship points and potential refusal of race entries in the way of race suspensions. Penalties made through the driving standards panel may be in addition to any penalties made by the race Officials.
- 3.18.10 Any evidence available to the driving standards panel, such as observers reports and video evidence, may be used to support the imposition of penalties.

3.19 Additional Sporting Regulations issued for the Championship

- 3.19.1 Any driver competing in the Championship may be called before a meeting of the Championship Stewards who, at their discretion, may take further action that could include exclusion from part or all of the 2011 Championship.
- 3.19.2 The organisers of the Ginetta Junior Championship are determined to create a championship which is cleanly fought and with good sportsmanship prevailing.

Breaches of driving standards will be firmly dealt with. If the Championship Clerk of the Course wishes to view any video evidence and / or data logging evidence in order to assist with his enquiry into a breach of driving standards he may order that the results remain provisional and he may take judicial action at a

later date. However, the use of video evidence and/or data logging evidence in all circumstances is at the sole discretion of the Championship Clerk of the Course.

Any driver found guilty of a driving offence which generates penalty points under C2.1.5 will also have championship points deducted proportional with the severity of penalty imposed. Any deduction of championship points will be three times that of the associated licence penalty points. i.e. formal written reprimand 6 points, fine or time penalty 9 points, exclusion from practice, heat or race 12 points, exclusion from meeting 18 points.

In addition to the penalties laid down the Championship Stewards are empowered to deduct Championship points if the conduct of the driver is deemed unacceptable.

- 3.19.3 The use of tyre heating/heat retention devices, tyre treatments and compounds is prohibited.
- 3.19.4 Each Entrant/Driver is required to have one fire extinguisher per car (minimum capacity 5kg or its equivalent) within their transporter/awning at each Event. This shall not include the extinguisher fitted to the car(s).

3.20 CAMERAS

- 3.20.1 All cars must carry a Championship on-board Judicial camera. Judicial Cameras will be distributed by Ginetta Cars to each competitor at the beginning and must be returned at the end of each championship season.
- 3.20.2 Competitors must provide a £200 bond to secure the use of the Judicial camera for the season. This bond is refundable after the last race of the season. Competitors who do not return the judicial cameras by 31 Dec 2011 will be charged an additional £300 to replace the unit.
- 3.20.3 The on-board cameras remain the property of Ginetta Cars Ltd and will be required to be returned at the end of the race season. Competitors will be charged for repair or replacement of the cameras due to accident damage, misuse or loss at any time whilst in their possession.
- 3.20.4 Details of the specification, installation and operating procedures for the Judicial camera are available from Ginetta Cars.
- 3.20.5 The onus is on the competitor to ensure this Judicial camera is switched on and recording for all official Qualifying and Races. For any camera which is not switched on, the Competitor / Team will incur a fine of £250 for each and every offence.

Judicial cameras must be switched on not before three minutes prior to leaving the assembly area and must be switched off immediately after the car is released from Parc Ferme. Details of the specification, installation and operating procedures for the Judicial camera are available from Ginetta Cars.

4. CHAMPIONSHIP RACE PENALTIES:

4.1 Infringements of Technical Regulations:

4.1.1 Arising from post practice Scrutineering or Judicial Action:

Minimum Penalty: The provisions of MSA Regulation C3.3.

4.1.2 Arising from post race Scrutineering or Judicial Action:

Minimum Penalty: The provisions of MSA Regulation C3.5.1. (a) and (b).

For infringements deemed to be of a more serious nature the Clerk of the Course and/or the Stewards of the Meeting are to invoke the provisions of MSA Regulation C3.5.1. (c).

4.1.3 Further penalties may be imposed by the Championship Stewards as outlined within these regulations.

4.2 Infringements of non-technical MSA Regulations and the Sporting Regulations issued for the Championship.

As per 2011 MSA Judicial Procedure Regulations and these Championship Regulations.

2011 GINETTA JUNIOR CHAMPIONSHIP

5. TECHNICAL REGULATIONS

5.1 INTRODUCTION

5.1.1 The following Technical Regulations are set out in accordance with the MSA specified format.

5.1.2 Everything that is not explicitly authorised and anything that is not specified:

- (i) in these regulations
- (ii) in the workshop manual/nomenclature relating to the Ginetta G40 Junior Championship
- (iii) in any official technical bulletin that may be published

is strictly forbidden.

5.1.3 Each Ginetta race car is manufactured to an identical class specification. In the interests of fairness and safety, competitors may not depart from this specification under any circumstances, other than as specified within these regulations.

5.1.4 All Ginetta manufactured parts and in particular body panels must be supplied by Ginetta Cars Ltd (or in the case of force majeure a supplier nominated by the organisers) and fitted in their original position.

5.1.5 Whilst the Eligibility Scrutineer is empowered to check all competing vehicles for compliance and has been provided with the data to determine the continuing eligibility of each car, the onus of responsibility for the eligibility of vehicles competing in this Championship, rests with the Entrant / Competitor. In the event of a dispute concerning the compliance of a vehicle with these Regulations, the onus will be on the Entrant / Competitor to satisfy the Organisers with regard to such compliance, and NOT the Organisers to prove non-compliance.

5.1.6 Where it is suspected that a component or structure fitted to the competing vehicle, may render the vehicle ineligible under these regulations, the component or access to the component will be sealed by the Eligibility Scrutineer for subsequent examination. Where ineligibility is subsequently proven, all points accrued by the competitor from and including the date of sealing the said component, to the date of examination, shall be forfeit.

5.1.7 Where costs are incurred as a result of any eligibility check, as may be reasonably requested either by the Eligibility Scrutineer or the Championship Organisers, these will be borne by the competitor / entrant.

5.1.8 As a method of control, any component on a competitor's car may be removed by the Team/Driver at the request of the Eligibility Scrutineer and exchanged for a similar component from the car of another competitor, or provided by the Championship Organisers. This includes the ECU. Whilst efforts will be made to ensure that the condition of the exchanged parts is similar, responsibility for the care of exchanged components lies with the recipient. Exchanged components may be returned to their original owners on completion of the race.

5.1.9 Any infringement of these Technical Regulations will render the competitor liable to penalties as defined in Article 4.1 of the Sporting Regulations.

5.1.10 Cars will be issued at the start of each season with log books These will be used to record information relating to that car during the season. The entrant / driver of each car will be responsible for the safe keeping of the log book which must be presented with the car at pre event scrutineering.

5.1.11 IT MUST BE CLEARLY UNDERSTOOD THAT THE OVERRIDING PRINCIPLE OF THESE REGULATIONS IS THAT UNLESS IT IS STATED THAT YOU CAN DO IT, YOU SHOULD WORK ON THE PRINCIPLE THAT YOU CANNOT.

5.1.12 Whilst Ginetta will endeavour to inform Competitors of any changes of components or part numbers, they reserve the right to fit updated components during the life of these Regulations.

5.2 GENERAL DESCRIPTION

5.2.1 Nomenclature

The 2011 version of the Workshop Manual/Nomenclature for the Ginetta G40 Junior Car incorporating all clarifications, amendments and details of updated components shall remain the only active version of the document.

The parts used to build a Ginetta G40 Junior Car are described in the document named 'nomenclature'. These parts are divided into 3 categories.

(i) Category A: No modifications are permitted. Parts in this category must remain in their original location and fulfil the function/s for which they were originally designed.

(ii) Category B: Only such modifications as specified in the regulations or the Ginetta G40 Junior Championship nomenclature are permitted.

(iii) Category C: The part is considered to be unrestricted on the express condition that the function for which it was originally designed is not deviated from, that it does not fulfil any additional function and that it is located in the same place as the original part.

Any technical matter affecting written regulations must be put in writing, to the Series Eligibility/Safety Scrutineer as any claim to have received clarifications or rulings on the regulations must be substantiated by the production, on demand, of written confirmation of such rulings.

5.2.2 The 2011 GINETTA JUNIOR CHAMPIONSHIP is a 'one make' race series for Ginetta G40 race cars as specified herein.

5.3 SAFETY REQUIREMENTS

5.3.1 The Ginetta G40 race car is manufactured to comply with the following safety requirements of Section K of the 2011 MSA Yearbook and must be retained:

K Roll cage with side and rear safety protection bars

K2.1.3. Six Point safety harness.

K3.1.2. (a) Plumbed in 2.25 litre fire extinguisher system. This system must be in the 'armed' condition (ie. be capable of being operated without the removal of any safety device) at all times whilst competing or practicing. The fire extinguisher cannot be disarmed in any Parc Ferme area without the specific permission of the Series Scrutineer. Any system found to be incapable of being operated, by virtue of the imposition of a safety device (eg.pin) having been made whilst the vehicle is either competing or in Parc Ferme, will be subject to report to the Clerk of the Course for possible penalisation as an offence against Safety Regulations.

K5 Two fog lamps, which in the Ginetta are integral within the rear light clusters

K6 Internal fuel filler that can be positively closed

K8 External Circuit Breaker

K13 Head restraint – as part of mandatory seat.

The attention of all competitors is drawn to Articles K9, K10, and K11 of the MSA Yearbook, relating to overalls, crash helmet and visors.

5.3.2 The use of head and neck support systems (HANS) according to the FIA Code, standard 8858-2002, is compulsory. The helmet manufacturer must certify the tether anchorages and their mounting.

For clarification on clothing standards and for a list of approved helmets you may refer to the FIA website, www.fia.com.

5.4 GENERAL TECHNICAL REQUIREMENTS

- 5.4.1 The Ginetta G40 Junior race car is built to comply with the provisions of Sections J (all vehicles) and Q (race vehicles). Competitors are reminded that a catch tank must be fitted and that the location of the vehicle towing eyes should be suitably marked
- 5.4.2 From time to time it will be necessary to approve alternative equivalent components. Only components approved as alternatives and published as such by the Championship Organisers and/or their appointed representatives in official amendments to these regulations are eligible for the 2011 Ginetta Junior Championship.
- 5.5.3 In case of force majeure, Ginetta Cars may at any time approve alternative components. Competitors will be notified of any changes to the regulations via a published bulletin. If alternative components are to be used, these must be declared within the car's log book when the car is presented for scrutineering.

5.5 CHASSIS

The Ginetta G40 Junior is manufactured to a standard specification and may not be altered. All chassis repair work must be undertaken only through Ginetta Cars Ltd.

The standard Ginetta G40 chassis, as well as the extended pedal box (EPB) are eligible for use in the championship.

5.6 BODYWORK

- 5.6.1 The Ginetta G40 Junior race car body is manufactured to a standard specification. All body parts must be supplied through Ginetta Cars Ltd. Minor fibreglass repairs may be undertaken by the competitor, provided that the body profile is not altered in any way. Additional ventilation holes may not be cut into the bodywork unless written consent has been given by Ginetta Cars Ltd and approved by the Eligibility Scrutineer.
- 5.6.2 A bodywork template/profile tool may be used at scrutineering to ensure that original shape and car profile is retained. No extra panelling, either under floor or around the wheel arch area, is permitted. The presentation of vehicle bodywork and repairs must be deemed acceptable by Ginetta Cars Ltd and the Championship Organisers, in the interest of all cars being presented in a way representative of the Ginetta marque. It is not permitted to cover bodywork apertures and joint lines with adhesive tapes unless authorised by the championship scrutineer as a short term repair.
- 5.6.3 A minimum of two rear-view mirrors must be fitted. It is permissible to use an alternative central rearview mirror, to the one supplied by Ginetta Cars.
- 5.6.4 The driver's seat is fixed and in compliance with MSA Regulation J.5.3.
- 5.6.5 A standard front screen, as supplied by Ginetta Cars must be fitted.
- 5.6.6 Standard indicator lens units, as supplied by Ginetta Cars must be fitted on each side of the car.

5.7 PERMITTED ENGINE

The following specifications are for information only and are not intended to infer modification in anyway allowed.

- 5.7.1 The Ginetta G40 race car must use a standard specification Ford Zetec 1800cc.16 valve engine, in its 115PS form (code MVH 418) as supplied by Ginetta Cars. No alterations to this standard specification are permitted.
- 5.7.2 All engines bear two Ginetta approved seals. It is the competitors responsibility to ensure that his or her engine bears at least three seals throughout the season. The seals will be positioned in such a way as to prevent subsequent removal of the cam cover and sump, and thereby preventing access to the internal components of the engine.
- 5.7.3 Removal of these seals by competitors or teams is not permitted. Seals may only be removed or replaced by a designated person at Ginetta Cars or the Championship Eligibility Scrutineer. Should any competitor suffer engine failure then the engine must be returned to Ginetta Cars Ltd. If a replacement engine is required, this must be obtained from Ginetta Cars Ltd.

- 5.7.4 Cylinder Block. The centre line of the cylinder bores must remain within Ford production tolerances. No offsetting of the cylinder bores is allowed.
- 5.7.5 Cylinder Head. No work that removes, adds, replaces or transfers material is allowed on the cylinder head, or which may in any way alter the shape of a component or port, is permissible. Polishing or abrasive cleaning of either inlet or exhaust ports, and which may result in the removal of the original manufacturer's cast finish, is strictly prohibited.
- 5.7.6 Manifolds. It is permissible to use only inlet and exhaust manifolds as supplied by Ginetta Cars Ltd, and bearing identification stamps. Polishing, abrasive cleaning, or otherwise altering the manifolds internally, is prohibited. There are two eligible inlet manifolds for the Ginetta Junior Championship as follows:
- Part number GCE0077
 - Part number MF03
- 5.7.7 Compression Ratio. The maximum compression ratio of 10:1 will be controlled as follows: Minimum combustion volume in the cylinder head with spark plug fitted must be 42.4cc. Standard Ford cylinder head gasket with a minimum compressed thickness of 1.54mm. Minimum diameter of cylinder aperture is 82mm. The piston will protrude a maximum of 0.65mm out of the cylinder block with the piston at TDC.
- 5.7.8 Camshafts. The only permitted camshafts are the standard Ford Zetec 1800 production inlet and exhaust camshafts, as supplied by Ginetta Cars Ltd. Exhaust and inlet camshafts must not be interchanged. The authenticity and lift characteristics of camshafts will be subject to eligibility checks. Camshaft timing must remain unaltered as standard production specification, and may be subject to periodic checking.
- 5.7.9 Pistons. Pistons must be standard production Ford Zetec 1800cc pistons unmodified in any way. All three piston rings must be fitted and must be standard Ford production components. The combustion chamber face of the piston cannot be modified.
- 5.7.10 Connecting Rods. Ford Zetec 1800cc connecting rods must be standard. Polishing is prohibited. The minimum weight of the connecting rod and piston assembly shall be 1004gm. (Complete piston with rings and pin, and connecting rod with bolts but excluding crank shaft bearings).
- 5.7.11 Crankshafts. A standard Ford Zetec 1800cc crankshaft must be used. Polishing is prohibited. Crankshaft minimum weight is 13.6 kilos including gearbox spigot bearing. Crankshaft journals must remain within Ford positional tolerances if a repair regrind is carried out. The crank journals may be reground for reclaim as long as the minimum crank weight is respected.
- 5.7.12 Inlet and exhaust valves. These are to be of steel construction and to original Ford Specification for this engine. Solid lifters are not permitted, nor alterations to the original hydraulic lifters supplied as standard. It is not permitted to "lock up" the hydraulics within the tappets.
- Valves must remain standard, no re-profiling or polishing is permitted. The original 45° (90° included) seat angle must be maintained.
- 5.7.13 Flywheel. The cast iron flywheel must remain as supplied by Ginetta Cars Ltd, with a minimum thickness of 33.5mm, and with a minimum weight of 8.4Kg (with ring gear fitted, although excluding all flywheel and crankshaft mounting bolts).
- 5.7.4 Engine Wiring Loom. This must remain as supplied by Ginetta Cars with no modifications permitted.
- 5.7.5 Manifolds. It is permissible to use only inlet and exhaust manifolds as supplied by Ginetta Cars and bearing official identification stamps. Polishing, abrasive cleaning, or otherwise altering the manifolds internally, is prohibited.
- 5.7.7 Catalytic Converters. A catalytic converter must be fitted and working at all times and remain unmodified. Tests will be carried out to ensure compliance.
- 5.7.8 The Air Filter, as supplied by Ginetta Cars must be fitted at all times.

5.8 TRANSMISSION / FINAL DRIVE

5.8.1 The Ginetta G40 Junior race car must retain the Quaife 6 speed sequential gearbox as supplied through Ginetta Cars Ltd. It is the competitor's responsibility to ensure that the following prescribed gear ratios are retained at all times during competition: 1st 15:30, 2nd 15:23, 3rd 17:21, 4th 20:21, 5th 25:23, 6th 24:20. All gearboxes bear a Ginetta approved seal. It is the competitors responsibility to ensure that his or her gearbox bears the seal throughout the season.

5.8.2 The clutch (Ginetta part number GCE0101/09), as supplied by Ginetta Cars Ltd with the 2011 specification engine must be retained in its original form. An ATB limited slip differential as supplied by Ginetta Cars Ltd (Ginetta part number GCJ0001), with a final drive ratio of 3.92:1 must be used. All differentials bear two Ginetta approved seals. It is the competitors responsibility to ensure that his or her differential bear the seals throughout the season. The sealed gearbox and ATB limited slip diff may only be rebuilt by Ginetta Cars Ltd.

A hydraulic operated clutch, using the system as supplied by Ginetta cars (see build manual), may be used as an alternative to the standard cable operated system.

5.8.2 The standard sump, as supplied by Ginetta Cars Ltd with the 2011 specification engine (Ginetta part number G40E0004) must be retained in its original form.

5.9 INDUCTION SYSTEM

5.9.1 The standard induction system as supplied by Ginetta Cars Ltd, conforming to 2011 specification throttle bodies must be retained.

5.9.2 The inlet manifold and throttle bodies must remain as supplied by Ginetta Cars. No modification to this system, or inclusion of additional structures is permissible. The throttle body housing shall not be modified internally in any way. No profiling or re-profiling is permitted.

5.9.3 The 2011 specification external throttle linkage, including the throttle return spring, may not be reworked. The dimensions of the inlet trumpets are controlled at 45mm (diameter) and 90mm (length), with air filter as supplied as standard by Ginetta Cars Ltd. No modification is permissible to this system whatsoever.

5.10 ELECTRICS

5.10.1 The battery must be remain as supplied by Ginetta Cars. The original location of the battery must be retained utilising the standard mountings. Terminals must be insulated.

5.10.2 Sparking plugs are free, provided they fit the engine without any modification to the cylinder head or the sparking plug and that the sparking plugs place the spark gap in the same position as the production sparking plug within the combustion chamber.

5.10.3 It is prohibited to use any other method or component to trigger, distribute or time the ignition or injection.

5.10.4 The fitting of additional instrumentation is not permitted unless under regulation 5.10.5

5.10.5 The standard data aquisition system, as supplied by Ginetta Cars, is the only permitted device and must remain set to standard config as supplied with the Ginetta G40 Junior Car. No additional connections may be made to the ECU whatsoever. As a routine part of eligibility control procedures, it may be called upon by either the Championship Organisers or Eligibility Scrutineer to make available all aquired data from the above detailed equipment at any point for the purpose of collecting engine performance data during either race or qualifying sessions and during official test sessions / Ginetta organised sessions. For this purpose, the ECU download point must remain in its standard location. The Championship Organisers reserve the right to download and access all data at anytime during either race or qualifying sessions and during official test sessions / Ginetta organised sessions.

5.10.6 Electronic Control Unit (ECU). The standard MBE ECU, as supplied by Ginetta Cars Ltd, must not be modified in any way, and must be used in conjunction with the loom supplied. The ECU may be exchanged or electronically interrogated at any time, on the request of the Eligibility Scrutineer. The ECU diagnostic connector must be positioned in an accessible position, allowing the scrutineer free access to it at all times.

5.10.7 Any competitor may be required to run additional sensors at any time. It is at the sole discretion of the championship coordinator and eligibility scrutineer as to which cars must run any additional sensors.

- 5.10.6 The 12 volt standard alternator, as supplied by Ginetta Cars must be fitted. The minimum output of the alternator must remain as standard at all times.
- 5.10.7 The starter motor must remain standard as supplied by Ginetta Cars LTD
- 5.10.8 Cars must be fitted with standard Ginetta front lights with clear lenses or the alternative imitation light pod with clear lenses.
- 5.10.9 Cars must be fitted with the 2011 specification rear lights including LED brake lights, fog lights and indicators.

5.11 COOLING SYSTEM

- 5.11.1 The standard layout of the cooling system must be in the location as set out by by Ginetta Cars Ltd in 2011 specification cars. The radiator must be of the type as supplied by Ginetta Cars Ltd (Ginetta part number GCG 0025) and must remain in its location in front of the frontmost chassis member.
- 5.11.2 The thermostat and housing may not be replaced.
- 5.11.3 Unless advised and approved by Ginetta Cars Ltd, it is not permitted to channel air from the nose of the bonnet, through the radiator by means of extra cowling.
- 5.11.4 The size of the bonnet apertures must remain unmodified and may not be covered or taped over in any way.
- 5.11.4 No other modifications than those referred to above are permissible.

5.12 BRAKES

- 5.12.1 The standard braking system as supplied by Ginetta Cars Ltd must be retained thus:

Front and rear discs: 280mm o/dia
Part Number: G40I0002

With:

Front Calipers: Alloy 4 pot calipers
Part Number: G40I0003 (left-hand) and – G40I0004 (right-hand)

Rear Calipers: Alloy 2 pot callipers
Part Number: G40I0005 (left-hand) and – G40I0006 (right-hand)

Discs and Calipers must remain as supplied by Ginetta Cars. There are NO permitted modifications.

- 5.12.2 Brake master cylinders, as supplied by Ginetta Cars, with 0.7 inch bore size front and rear, must be retained as standard.
- 5.12.3 The use of the following Brake Pads and friction material is mandatory:

Front: Performance Friction 7705.01.14.54
Rear: Performance Friction 7705.01.14.54

Brake pads must be supplied by Ginetta Cars. In the event of an eligibility dispute, reference will be made to the brake pad manufacturer who will decide if the disputed component is authentic. If an alternative type of brake pad is made available, drivers will be notified by official bulletin.

- 5.12.4 Brake lines must remain as standard and in the manufacturers layout.
- 5.12.5 Brake bias may only be altered using the standard balance bar supplied by Ginetta Cars Ltd.
- 5.12.6 It is not permitted to direct air from ducting to the braking system unless advised by Ginetta Cars LTD as an approved system.

5.13 SUSPENSION

5.13.1 The standard suspension components and configuration as supplied by Ginetta Cars Ltd must remain unaltered except as specified below.

5.13.2 Front and Rear anti-roll bars must remain standard as supplied by Ginetta Cars LTD and remain in the standard locations and standard material. Anti-roll bar stiffness adjustment is free within the range provided. The operating linkage may be disconnected but not removed.

Front anti roll bar (Ginetta part number G40C1007)

Rear anti roll bar (Ginetta part number G40D1007)

5.13.3 The minimum ride height as measured in a vertical plane from the lowest point of the chassis rail to a level ground surface below, shall be in excess of the following:

- 85mm (if the car ends the session on dry tyres)
- 75mm (if the car ends the session on wet tyres)

The ride height shall always be measured directly below the front and rear axles. Diagram of chassis showing approximate position at which ride height measurements will be taken, front (F) and rear (R). (Please see the Ginetta G40 build manual for a diagram showing the ride height reference).

These measurements shall be applied with the driver on board, and with tyres normally inflated. If the ride height is measured at the end of an on-track session, the tyre pressures may NOT be altered prior to the ride height being checked.

Once a car has ended any on-track session, the tyres and / or wheels may not be interchanged for scrutineering purposes.

5.13.4 The front and rear wheel camber angle may be adjusted by means of standard size shims. The only permitted shims are those supplied by Ginetta Cars LTD.:

As standard, the shims are supplied in the following thicknesses

- 2.00mm
- 3.00mm
- 5.00mm

The front and rear wheel camber may be adjusted to a minimum by use of a single 2.00 mm thick shim per upright.

5.13.5 The front and rear wheel toe in/out may be adjusted within standard limits and with no modification.

5.13.6 Springs. The only permitted springs are the standard ones as outlined below and supplied by Ginetta Cars. Springs are required to have legible manufacturers identification marks to be considered to be compliant with the technical regulations.

Front Springs: 625 lbs (Ginetta part number G40C0031)

Rear Springs: 450 lbs (Ginetta part number G40D0012)

If the distinguishing marks become illegible the component may be re-authenticated providing an audit trail and compliance with the component specification can be demonstrated.

5.13.7 The use of additional 'helper' springs and helper spring collars is permissible. Helper springs are not mandatory. Only helper springs / spring collars supplied by Ginetta Cars (Part numbers G40-C0034 and G40-C0033) are permitted for use within the championship.

5.13.8 Shock absorbers as specified and supplied by Ginetta Cars Ltd must remain to the original manufacturers specification and located as supplied by Ginetta Cars LTD.

5.13.9 The standard track and wheelbase dimensions must be retained.

5.14 WHEELS

5.14.1 The standard wheels of size 15"x7" as supplied and officially stamped by Ginetta Cars Ltd may not be modified or substituted for others.

5.14.2 The use of wheel spacers or other wheel spacing mechanism, is not permissible.

5.15 TYRES

The intention of these regulations is:

- (i) To contain costs by limiting the number of tyres which can be purchased on behalf of any one driver during the series.
- (ii) To limit the number of tyres used per car/driver per complete event,
- (iii) To prohibit the use of any method of raising the temperature of tyres by adding heat artificially.
- (iv) To prohibit the application of any material to alter the standard performance of the tyres.
- (iv) Any attempt whatsoever to circumvent these intentions or any fraudulent attempt to deface, re-mark, counterfeit, or otherwise circumvent the unique tyre numbering system will automatically be the subject of a report to the Clerk of the Course/Stewards.

- 5.15.1 The only permitted tyres for use in this Championship are MICHELIN Pilot Sport Cup 205/50-15. These tyres must be supplied by Ginetta Cars or their designated tyre supplier, Protyre Motorsport. The tyres will be marked accordingly to certify that they have been supplied by Ginetta Cars or Protyre Motorsport. These tyres are must remain road legal with a minimum tread depth of 1.6mm at all times, both during competition and during presentation for post-event scrutiny.
- 5.15.2 The maximum number of dry tyres available to each car over a full championship season (i.e. 10 meetings, excluding Friday practice days) will be 20 new tyres.
- 5.15.3 The maximum number of tyres available to each car for use during each championship round (or "meeting", where two rounds are timetabled over a single weekend) will be limited to 6 new tyres. Thus a total of 6 tyres must be presented at scrutineering (4 on the car, 2 spares) for registration with the Eligibility scrutineer. Bar-coding and/or permanent paint and/or serial numbering will be used to control tyre use. It is the competitors responsibility to ensure that all tyres are marked before use.
- 5.15.3 The only permitted wet tyres for use in this Championship are MICHELIN 19/57-15 P2E (WET). These tyres do not have to be included as part of the 6 tyres that are presented at scrutineering. These tyres must be supplied by Ginetta Cars or their designated tyre supplier, Protyre Motorsport. The number of wet specification tyres for use in the Ginetta Junior Championship is not restricted.
- 5.15.4 The use of tyre heating equipment / heat retention devices, tyre treatments or compounds, is prohibited.
- 5.15.5 Bar-coding and / or permanent paint marking will be used to control tyre use. It is the competitor's responsibility to ensure that all tyres are marked before use and logged by the series co-ordinator and/or series scrutineer.
- 5.15.6 All tyres must be supplied by Ginetta Cars or their designated tyre supplier, Protyre Motorsport. Tyres will be marked accordingly to certify that they have been supplied by one of these sources.
- 5.15.7 The use of tyre heating equipment / heat retention devices, tyre treatments or compounds, is prohibited. Any artificial cooling of tyres is prohibited.
- 5.15.7 It shall be the sole responsibility of the Drivers/Entrants to judge whether the track is wet enough to justify the use of wet weather (treaded) tyres.
- The Clerk of the Course will not judge whether the track is wet enough to justify the use of wet weather (treaded) tyres.
- 5.15.8 Any tyres required for use in official qualifying, race(s) and official test days, may only be purchased:
- (i) From the approved supplier (Protyre Motorsport) or through Ginetta Cars.
 - (ii) At the time of purchase the drivers Tyre Purchase Record for the car must be submitted for inspection and allocation of tyre identification numbers.

Only in exceptional cases where, in the judgement of the Series Eligibility/Safety Scrutineer, damage to a maximum of 2 (two) nominated tyres makes further participation in the event impossible, nominated 'used' front and/or rear tyres may be substituted. A 'used' tyre is defined as a tyre that has been nominated at a previous race meeting and has been recorded as such by the eligibility scrutineer. The substitution may only be authorised by the Series Eligibility/Safety Scrutineer.

The only exception to this is the first race weekend of the year. If, during the first race weekend of the year, damage to a maximum of 2 (two) nominated tyres makes further participation in the event impossible, two new tyres may be substituted. These new tyres will be deducted from the total allocation of 20 tyres for the season. The substitution may only be authorised by the Series Eligibility/Safety Scrutineer.

5.15.9 In very exceptional cases where, in the judgement of the Series Eligibility/Safety Scrutineer, damage to tyres through no fault of the driver/entrant makes further participation in the event impossible and all previously nominated tyres are not usable, supplementary used tyres supplied by Protyre Motorsport / Ginetta may be nominated and used. These supplementary tyres are to be selected by the Series Eligibility/Safety Scrutineer from a stock held by Protyre Motorsport / Ginetta. The selection is to be entirely at the discretion of the Series Eligibility/Safety Scrutineer.

5.15.9 Only the championship coordinator / organisers have the authority to alter the tyre allocation. If, through force majeure, the total tyre allocation needs to be altered at any point throughout the season, drivers will be notified by way of official bulletin.

5.16 Tyre Nomination:

5.16.1 Each driver/entrant must record on the Tyre Nomination Form, the serial numbers of the 6 dry tyres which he/she intends to use in the event.

The Form must be signed by the driver/entrant and submitted to the series eligibility scrutineer before the first timed practice. The Series Eligibility/Safety Scrutineer or his appointed representative will sign for receipt and return the back copy. The onus is on the driver/entrant to ensure that the completed form is deposited with the series eligibility scrutineer and appointed representative before the first official timed practice. Failure to do so will be the subject of a report to the Clerk of the Course / Stewards.

5.16.2 During practice, heats and race(s), only tyres nominated under 5.16.1 and wet weather (treaded) tyres may be kept in the pits.

5.16.3 During the event, checks will be made by the Series Eligibility/Safety Scrutineer or his appointed representative to ensure compliance between the tyres used and serial numbers recorded on the nomination form. At the end of the race all placed cars may be checked for compliance with this tyre regulation. Non-compliance at any time during the event will be the subject of a report to the Clerk of the Course/Stewards.

5.16.4 It is only permitted to inflate tyres with air of atmospheric composition, no other medium may be used. The Series Eligibility/Safety Scrutineer may request for the inflated tyres to be tested at any time to ensure that no medium, other than air of atmospheric composition, is being used.

5.16.6 It is not permitted to use any means to artificially raise the temperature of tyres above ambient at any time prior to or during any event, other than by the natural addition of heat resulting from permitted driving on the circuit.

5.16.7 Tyre warmers or any other device intended to modify or maintain tyre temperature is forbidden. Tyre warmers found at the circuit will be judged to be available for use and appropriate action will be taken.

5.16.8 Tyres must only be used in the standard condition as supplied by the manufacturer. The application of any material (liquid, solid or gas) to any part(s) of the tyre, is therefore forbidden. The only exceptions are the use of a mixture of pure domestic water and household detergent or the lubricant applied to the tyre bead for fitting purposes. The Championship Organisers reserve the right to take samples of tyres / tyre material at any time for laboratory analysis.

5.16.10 It is not permitted to remove debris / rubber pick-up from the tyre surface by the use of a tool and / or heat gun.

5.16.11 Any tyre protection covers used at any time within the confines of the circuit, must be of a temporary construction and must be capable of being used many times.

5.16.12 Pressure regulation valves are forbidden.

- 5.16.13 At the Series Safety/Eligibility Scrutineers discretion, the 6 dry tyres for the event, listed on the Tyre Nomination Form may be retained at the end of Official Practice and Race(s) until a minimum of 30 minutes prior to next time that the tyres are required to be used.

5.17 WEIGHT

- 5.17.1 The minimum vehicle weight excluding driver is **790kg**, including driver is 875kg. The latter weight is intended to include the driver suitably dressed for competition, with safety helmet and all safety equipment. It is emphasised that both these minimum weights must be respected at all times during both Qualifying and Competition. Failure to meet either or both will be considered an offence under these regulations.
- 5.17.2 In order to meet the criteria of 5.17.1 only, it is permitted to add ballast to the car in accordance with MSA Regulation J5.15.. Such ballast must be formed of solid unitary blocks. They must only be fixed using a ballast plate supplied by Ginetta cars (Part number G40R0032A) which is bolted to the floor of the passenger seat well in the designated area of the car. The ballast plate fixings must be able to withstand acceleration / deceleration forces of 25G.
- 5.17.3 Provision must be made for Scrutineers to affix seals to any ballast fitted.
- 5.17.4 Following competition, the driver must remain available with the car under Parc Fermé conditions until released by Scrutineers, in order to ensure weighing is completed with the minimum of delay. Drivers who are required for post race prize giving and / or media interviews, and who are directed from Parc Ferme by an official of the meeting or a Ginetta official, are permitted to leave Parc Ferme, although must return to their car after such events have taken place to ensure scrutineering is completed.
- 5.17.5 If a car loses a part during qualifying or a race, the weight of that part may be taken into account during eligibility checks. Following consultation with the championship coordinator, the Championship Eligibility / Safety Scrutineer will determine whether any lost part should be taken into account.

5.18 FUEL, FUEL INJECTION AND FUEL TANK

- 5.18.1 A standard fuel tank as supplied by Ginetta Cars Ltd must be retained in its original position. The fuel delivery system must remain as original specification.
- 5.18.2 The standard 45 litre fuel tank and fuel delivery system may only be substituted by alternative components that are approved and supplied by Ginetta Cars. If alternative components are to be used, these must be declared within the car's log book when the car is presented for scrutineering.
- 5.18.3 The use of a controlled unleaded fuel complying with the definition laid down in the Terminology Section of MSA Regulations. (Technical Definitions), and supplied by Petrochem Carless, is mandatory. Compliance with this regulation will be verified by fuel testing throughout the season.
- 5.18.4 At the end of any official practice / qualifying / races, at least 3 litres of fuel from the tank of the competing car must be available to the eligibility scrutineer for analysis, if required. Compliance with minimum weight for the car will be taken before fuel is removed as part of any eligibility check.

5.19 SILENCING

- 5.19.1 The exhaust system as supplied by Ginetta Cars Ltd must remain as standard and may not be altered. All cars must comply with MSA Regulation J5.17. concerning noise levels and it is the competitor's responsibility to ensure that the car complies with currently enforced levels.
- 5.19.2 Catalytic Converters. These must be fitted at all times and remain unmodified. Tests will be carried out on these during the Season.

5.20 PRESENTATION

Having due regard to the best interests of the Championship Sponsors, the Championship image, Ginetta Cars and of safety, competing cars are to be presented in a mechanically and visually acceptable condition. Organisers reserve the right to insist that such standards of presentation are maintained, as a condition of racing within the 2010 Ginetta Junior Championship. Individual cars may fail scrutineering if they are, as deemed by the championship scrutineer, to be of poor presentation and / or mechanically unacceptable.

5.21 RACE SUITS

- 5.21.1 All competitors will be supplied with a championship-specific race suit as part of their 2011 championship registration fee. The championship-specific race suit must be worn at each round of the 2011 Ginetta Junior Championship during all free practice sessions, qualifying sessions and for races and must retain the original championship and trade sponsor badges. Other areas of the championship race suit may be used for competitors own sponsor badges. The championship organisers reserve the right to remove any badges or branding which is deemed to be unsuitable or conflicts with other championship / Ginetta sponsors.
- 5.21.2 Any competitor not wearing the designated championship-specific race suit on a championship race weekend will be ineligible for points and prize money.
- 5.21.3 Any guest competitor must purchase or hire a championship-specific race suit from Ginetta Cars.

5.22 NUMBERS AND DECALS:

- 5.22.1 All cars must carry championship and trade sponsor decals.
- 5.22.2 Each car must carry championship decals as per the figure in Appendix C. Competitors will be supplied with three number squares incorporating the major sponsors logos. One must be affixed to each side of the car, in the position normally occupied by the doors. The third must be located to the front / top aspect of the car so as to be clearly visible. Competition numbers must be affixed to these squares and to the front / top aspect of the car so as to be clearly visible. The number square or roundal for the front of the car must be supplied by the competitor in compliance with MSA Regulations.
- 5.22.3 Ginetta Cars may request at any point that additional championship / trade sponsor decals are carried on cars. This will be done by way of an official championship bulletin. The championship organisers reserve the right to remove any decals or branding which is deemed to be unsuitable or conflicts with other championship / Ginetta sponsors.
- 5.22.4 Failure to comply with regulations 5.21 or 5.22 will not be subject to a technical non-compliance but will be liable to penalty under the commercial regulations for the championship.

6 COMMERCIAL REGULATIONS

The following Commercial Regulations are “contractual” between the Entrant and / or Driver and the Organisers and / or Promoters and are not considered by MSA. Accordingly, the application of these Commercial Regulations by the Organisers and / or Promoters will not be subject to the Judicial processes of either the Championship Stewards and / or the MSA / MSC.

6.2 Commercial Undertakings

- 6.2.1 The Race Meetings comprising the Championship shall be conducted in accordance with the Regulations and these Commercial Undertakings.
- 6.2.2 In these Commercial Undertakings the nomenclature definitions and abbreviations specified in the General Regulations of the MSA and in the Sporting Regulations shall be adopted.
- 6.2.3 The Administrator has the right to amend, vary or add to the Commercial Undertakings from time to time. Such amendments, variations, and additions shall be notified by bulletin to all registered competitors by posting to the address detailed on the Championship Registration Form, or sending to the e-mail address detailed on the Championship Registration Form or faxing to the fax number detailed on the Championship Registration Form, or delivery to the competitor by hand.
- 6.2.4 All competitors, teams, manufacturers and team members agree to be bound by the Commercial Undertakings and any additions, variations or amendments thereto and to procure compliance by persons associated with them.

6.3 Penalties:

- 6.3.1 **WARNING:** The terms of the Commercial Undertakings are fundamental to the contract between TOCA, Ginetta Cars and the competitor and the team respectively. A breach of any of the Commercial Undertakings may render the competitor and / or the team ineligible for competition and participation in this Championship will be entirely at the discretion of the Administrator. The Administrator as an alternative and/or in addition to excluding the competitor, the team and/or the manufacturer from the Championship may impose any one or more of the following penalties as a condition of continued participation in the Championship:
 - 4.2.1.a. Reprimand, which may include forfeiture of a qualifying time or times
 - 4.2.1.b. Time penalty,
 - 4.2.1.c. Exclusion
 - 4.2.1.d. Forfeiture of Championship points (even if this results in a minus total of points)
- 6.3.2 In addition or in lieu of any such penalty the Administrator may require the competitor and/or team to take such steps as may be reasonable to mitigate the damage to the reputation of the Championship.
- 6.3.3 In the case of an alleged breach of any Commercial Undertaking the decision of the Administrator is final as to the culpability and penalty and there is no appeal to the MSC National Court. Continued future participation in the Championship may not be permitted until any fine imposed pursuant to these Commercial Undertakings is paid in full.
- 6.3.4 Where in the opinion of the Administrator any Competitor(s) and / or Team(s) has gained an unfair advantage (whether inadvertently or not) from a breach of the Commercial Undertakings by its own actions or those of another Competitor or Team the Administrator may impose any one or more of the penalties set out in Commercial Undertaking 4.2.1 above in order to remove or otherwise compensate for such advantage.
- 6.3.5 All cars must have a transponder fitted and working for any Friday practice session immediately prior to race weekends. Any competitor running without a transponder during an official test session will have championship points deducted. 5 championship points will be deducted for each test session that a driver fails to fit a working transponder.

It will be at the decision of the Championship Coordinator and Clerk of the Course as to whether or not a driver is penalised. Any evidence may be used to determine whether or not a working transponder has been fitted, including information / data from the official timekeepers.

6.4 Television:

- 6.4.1 By entering the Ginetta Junior Championship, competitors, entrants and teams are obliged to assist TOCA and Ginetta Cars Ltd in the promotion of the Championship and in particular, the television coverage:
 - 6.4.1.a All competitors, entrants and teams are obliged to assist the TOCA nominated TV Production Company in the filming of Championship events and activities through the granting of interviews when requested and any other reasonable requests of the TV Production Company or the Administrator.
 - 6.4.1.b Without prejudice to the generality of 4.3.1.a drivers finishing first, second and third in the Drivers' Championship must make themselves available immediately after each Qualifying session, Race and/or the prize giving ceremony for any media interviews in accordance with the requirements and directions of the Administrator and/or the Co-ordinator.
 - 6.4.1.c All cars must carry an in-car camera or on-board camera during testing, free practice, official qualifying sessions and/or the races at the request of the TV Production Company or the Administrator, and all cars must carry a Championship on-board Judicial camera (See regulation 3.1.5).
 - 6.4.1.d Footage from any camera used by competitors or teams cannot be used for commercial exploitation or public broadcast. Any footage produced in breach of this Regulation will forthwith upon request be delivered up to the Administrator in addition to any penalty imposed.
 - 6.4.1.e Any competitor and/or anyone connected with a competitor is prohibited from trying to influence the editorial decisions of the TV Production Company in connection with the Championship as it is shown on television or of otherwise interfering with television coverage.
 - 6.4.1.f The decision as to which car is to carry an on-board camera and/or an in-car camera rests solely with the TV Production Company, Ginetta Cars and the Administrator whose decision shall be final.
- 6.4.2 Each team is permitted to install its own brackets to incorporate an in-car camera subject to the prior approval of the Championship Scrutineer and the nominated TV Production Company.
- 6.4.3 The TOCA nominated TV Production Company shall have unrestricted access to any video footage captured by the drivers and / or teams or their associates and may incorporate any such material in its coverage of the Championship.
- 6.4.4 All footage obtained or recorded by the TOCA Nominated TV Production Company of the Championship belongs to TOCA and/or the TOCA nominated TV Production Company and all competitors, entrants and teams and their associates consent to their images being used by TOCA (and those authorised by it) for promoting the Championship and merchandise associated with the Championship.

6.5 Advertising:

No advertising of tobacco or tobacco products is permitted in any shape or form in this Championship. Additionally, any products that are not permitted to be advertised on UK television are also prohibited. The Administrator reserves the right to censor any advertising that may, at the absolute discretion of the Administrator, be deemed to be unsuitable. Any car or driver considered by the Administrator, in his/her absolute discretion, to be exhibiting unsuitable advertising may be excluded by the Administrator from any Round of the Championship.

6.6 Publicity:

- 6.6.1 At all Championship Meetings, Drivers, wearing their driving overalls, must take part in any autograph session, paddock walkabout and pre-race parade, when requested by the Co-ordinator.
- 6.6.2 All drivers who qualify for an award pursuant to Commercial Undertaking 6.15 shall attend the podium ceremony and any post-race televised interviews wearing their race winners caps to be provided by Ginetta Cars. Failure to attend the podium ceremony or failure to attend correctly attired may result in a fine being imposed by the Administrator.
- 6.6.3 In signing the Championship Registration Form, competitors, entrants and teams agree that TOCA (and those authorised by it) and Ginetta Cars Ltd may make use of his/her/its activities and successes in motor sport for any advertising, publicity, public relations and merchandising purposes. The competitors, entrants and teams also agree that in any advertising or promotion with which he/she/it is associated (relating to the Championship), the full title of the Championship (including the Championship sponsors name) will be used at all times.

6.7 Merchandising:

- 6.7.1 The manufacturer, competitor, entrant and team hereby authorise TOCA and Ginetta Cars Ltd to use and reuse and licence the use of images and representations of the vehicles competing in the Championship (including the manufacturers name and logo) and the name, images and representations of the driver, the team, the team logo and team paraphernalia including (insofar as the same appear on the clothing worn by the competitor or on team paraphernalia or on the cars driven by the competitor in the Championship) the logo and decals of all sponsors of the competitor and/or entrant for the purposes of producing merchandise exploiting the reputation of the Championship and all elements of the Championship.
- 6.7.2 The competitor, entrant and team authorise TOCA and Ginetta Cars Ltd to use and licence others to use all Championship images and other material relating to the Championship in marketing and packaging material and commercial advertisements exploiting the Championship or merchandise of the Championship or any individual elements of the Championship.
- 6.7.3 The manufacturer, competitor, entrant and team shall assist Ginetta Cars Ltd, TOCA and those authorised by it with the promotion of the Championship and production and promotion of merchandise associated with the Championship.

6.8 Meeting Arrangements:

- 6.8.1 Throughout the course of the Championship, the Administrator and the Co-ordinator may inspect all race transporters and motorhomes to ensure that they are of smart appearance and in good order. The Administrator may refuse to issue a Paddock vehicle pass to any vehicle that he/she deems to be unsuitable for display within the Paddock.
- 6.8.2 At the start of each Meeting, practice session and race, the competing cars and all team vehicles must be clean, of smart appearance, and in good order. The Administrator reserves the right to suspend competitors not meeting this requirement from taking further part in the Championship and withdraw passes until this Regulation is fulfilled to his/her satisfaction.
- 6.8.3 Paddock parking space will be allocated as follows:
 - One and two car teams – one race transporter
 - Teams with more than two cars – a maximum of two race transporters

Each race transporter is permitted one additional support vehicle which may be parked in the allocated paddock area if there is sufficient space. Allocation of space is at the sole discretion of the Co-ordinator.

Support vehicles will not be permitted to have awnings attached.

6.8.4 Any team considered by the Administrator, in his/her absolute discretion, to be exhibiting unsuitable advertising may be asked to withdraw it immediately.

6.8.5 Each one or two car team will be permitted one motorhome plot of maximum dimensions 16.5 metres long x 8 metres wide in the designated area.

Each three or four car team will be permitted one motorhome plot of maximum dimensions 16.5 metres long x 10 metres wide in the designated area.

The motorhome, awning and kitchen unit must all fit within the motorhome plot. Motorhomes must be no higher than 6 metres.

6.8.6 Any pipes, wires or cables trailing from motorhomes and/or transporters and/or generators must be protected by hard covers where they will be crossed by vehicles or pedestrians. All health and safety requirements must be met at all times and warning signs must be erected where there is any danger to the public or other persons.

6.9 Passes:

6.9.1 Permanent passes will be issued to each registered Ginetta Junior competitor for his/her sole use and these will be valid for every round of the Championship. Each competitor shall be given the following number of passes:

- 4 x Pit Lane Access Passes
- 4 x VIP passes
- 2 x Private car passes
- 1 x Transporter Pass

Please note that these passes are issued in accordance with Commercial Undertaking 6.1.0 with respect to team transport.

6.9.2 TOCA passes are issued on condition that the person or organisation to whom it is issued waives any and all claims it may have now or in the future and releases from all liabilities and agrees not to take any legal action and to always hold harmless TOCA and Ginetta Cars Limited and their employees, agents and representatives and servants, the MSA, the Race Organisers, the Promoters, the Venue owner, any participating team and all employees, agents, servants and contractors thereof for any personal injury, death, damage or loss of any kind that the pass holder may sustain as a result of or in connection with the pass holders presence within the venue. This indemnity does not apply insofar as injury or death is caused as a result of the negligence of the party seeking an indemnity.

6.9.3 Competitors will be required to sign for receipt of their passes. By accepting the issue of TOCA passes the competitor is deemed to agree to abide by the pass conditions and to undertake the obligation to advise each person to whom a pass is issued of the pass conditions and to ensure the observance thereof.

The Ginetta Cars Championship Co-ordinator reserves the right to redeem any TOCA pass from any competitor at any given time. The Ginetta Cars Championship Co-ordinator reserves the right to impose a fine of up to £1000 per pass on failure of the competitor to redeem their allocation of TOCA passes.

6.9.4 TOCA passes are issued subject to the following conditions:

6.9.5 TOCA passes may only be used to gain access to the areas indicated on the face of the passes. Any person found within a restricted area without the appropriate pass may be removed from the venue immediately and/or have any pass held by them withdrawn (without prejudice to any other remedy that TOCA may have under the terms of this Commercial Undertaking 6.12.).

6.9.6 TOCA passes may only be used by the person to whom they are specifically issued. It is forbidden to alter or deface or offer for sale passes in any way or to allow a pass to be used to authorise the entry of more than one person at each Meeting.

6.9.7 TOCA passes must not be removed from their official lanyards and must be worn around the neck of the person to whom it is issued so as to remain clearly visible at all times. It is forbidden to combine with or enclose a TOCA pass within a wallet or holder of any kind or to attach additional unauthorised items of any kind to it.

- 6.9.8 TOCA reserves the right to request further proof of identity in addition to a TOCA pass.
- 6.9.9 TOCA at all times reserves the right to refuse admission to the venue or access to a designated area to any person, notwithstanding that such person may have been issued with an appropriate TOCA pass.
- 6.9.10 TOCA passes remain at all times the property of TOCA and may be issued, altered or withdrawn at any time at the absolute discretion of the Administrator and/or the Co-ordinator.
- 6.9.11 TOCA reserves the right to remove immediately from the venue any person who is found to have violated the pass conditions contained in this Commercial Undertaking 6.12. and/or to withdraw permanently a TOCA pass issued to such person and/or to take or institute legal proceedings against that person.
- 6.9.12 All registered competitors are fully liable for any personnel and vehicle passes issued to them by TOCA and/or received on the competitor's behalf. The misuse of any passes allocated to a competitor may result (without prejudice to any other action which may be taken by TOCA under the terms of this Commercial Undertaking 6.12.) in TOCA imposing a fine of up to £1,000 for each act of misuse of the pass together with the confiscation of the pass concerned for such period of time as the Administrator shall deem appropriate.
- 6.9.13 TOCA Passes will not be replaced if they are lost/mislaid unless they have been stolen and a copy of the police report relating to that offence is submitted to TOCA.

6.10 Paddock Vehicles:

- 6.10.1 Competitors will be issued with a specific time to park up their race transporters and motorhomes in the Paddock by way of a Bulletin prior to each Meeting. This parking up time must be adhered to unless the express permission of the Co-ordinator has been obtained to park up at a different time. Verbal permission from circuit employees will not be accepted. Access to the Paddock for the purpose of parking outside your parking up time will be forbidden.

Only small four-wheeled motorised Paddock vehicles which are authorised by TOCA may be used within the Paddock. These vehicles may only be used during authorised times and when driven by a current full road traffic licence holder for race team related business. Recreational use is strictly prohibited.
- 6.10.2 Motorised Paddock vehicles may only be used within the venue during the period from two hours prior to the first scheduled track activity until one hour after the last track activity on each day of the Meeting and test day. There is a total ban on their use outside these times.
- 6.10.3 A speed limit of 10 mph applies in the Paddock at each Championship Meeting.
- 6.10.4 It is a condition of registration of Paddock vehicles that third party insurance is in place. Competitors are reminded that it is a criminal offence for any person to ride or drive any motor vehicle on the roads or other public areas under the control of the venue promoters unless they are covered by a minimum of third party insurance.
- 6.10.5 A fine of a minimum of £500 may be levied for any infringement of Paddock regulations contained in these Commercial Undertakings at the absolute discretion of the Administrator. Each registered entrant is responsible for the payment of fines incurred by all vehicles entering the Paddock/Pits on their behalf. The decision of the Administrator in respect of this additional penalty shall be final with no appeal to MSC National Court.
- 6.10.6 The Ginetta Cars Championship Co-ordinators reserve the right to impose a fine of a minimum of £100 for any infringement of Paddock regulations contained in these regulations.

6.11 Miscellaneous:

- 6.11.1 Manufacturers, competitors, entrants and teams and officials may not either individually or with any such participants or through any representative or agent, procure, solicit or arrange for any supplies, gratuities, products, merchandise, equipment or any other thing of value to be provided from any source whatsoever bearing or depicting any Championship logo and/or any trademark and/or any copyright and/or any image used or associated with the Championship without the prior written permission of the Administrator to do so.
- 6.11.2 All images, photographs, recordings or representations of the participation in the Championship or association with the Championship of manufacturers, competitors, entrants and teams may only be used for commercial purposes with the prior written consent of the Administrator. No consent is required for normal media reporting of the Championship.

- 6.11.3 All the broadcast, recording, cable, satellite, digital, video, internet and interactive rights and other rights in all media to the Championship and other related events are the sole property of TOCA. Any recording or broadcast of the Championship and other related events or, rebroadcast or reproduction of material without express written permission of the Administrator is strictly prohibited. Manufacturers, competitors, entrants and teams currently registered in the Championship may, subject to the prior written permission of the Administrator and subject to any conditions that he may impose at his/her absolute discretion, be granted rights to use broadcast material for their own specific promotional use within the UK without fee or charge. Rights requested for any other commercial use must be made in writing to the Administrator and if granted will be subject to Licence which may include a fee or charge.

6.12 Championship Livery:

Approved Ginetta Championship stickers must be fixed to each competing car. Please see regulation 5.20 for further details.

Each driver must wear the approved Ginetta Championship race suit which includes approved championship badges. The championship organisers reserve the right to remove any badges or branding which is deemed to be unsuitable or conflicts with other championship / Ginetta sponsors.

6.13 Breach of Commercial Regulations

A breach of any of the Commercial Undertakings may result in a fine, up to a maximum of £1,000 for each offence, being imposed by the BTCC Co-ordinator or the Championship Coordinator. Championship registration will be temporarily suspended until such payment has been received.

A serious or continual breach of any of the Commercial Undertakings may render the Entrant/Driver ineligible for competition, in which case participation in the Championship by that Entrant/Driver will be entirely at the discretion of the BTCC Co-ordinator and the Championship Coordinator.
